

Patrick J. Coughlin Principal

Patrick Coughlin is Principal, Senior Scientist and Marketing Director at St.Germain Collins with environmental chemistry and public relations experience spanning back to 1989. Patrick specializes in comprehensive compliance systems and environmental site restoration for clients in the petroleum, commercial and higher education sectors, permitting and design of waste processing facilities, and biomass energy fuel and ash quality programs, in addition to directing company marketing activities.

Prior to joining St.Germain Collins, Mr. Coughlin was employed in environmental compliance, public affairs, and decommissioning waste management at the Maine Yankee Atomic Power Company in Wiscasset, Maine, as a mobile environmental lab manager with Transwest Geochem in Arizona and as a high school chemistry/middle school science teacher at Waynflete School in Portland, Maine.
